

Worldwide Service Network

Henderson Service Centre

Weir Minerals Services provides leading edge engineered products and services to diversified industrial markets, supported by a national network of state-of-the-art Service Centres.

The Henderson Service Centre provides in-house engineering support, maintenance and service - including overhauls of a wide range of process equipment such as pumps, valves, gearboxes, turbines, gas compressors, fans and blowers - and field service support.

The Service Centre is located within easy reach of West Australian industries such as mining, oil and gas and power, and has extensive plant capacity.

The Henderson Service Centre is certified to Quality Assurance System ISO 9001:2000, Environmental Management System ISO 14001:2004 and Safety Management Systems OHSAS 18001 and AS4801:2001.
