

Worldwide Service Network

Sale Service Centre

Weir Minerals Services provides leading edge engineered products and services to the oil and gas sector and other industrial markets, supported by a national network of state-of-the-art Service Centres.

The Sale Service Centre provides in-house engineering support, maintenance and service - including overhauls of a wide range of process equipment such as pumps, valves, gearboxes, turbines, gas compressors, fans and blowers - and field service support.

The Service Centre is conveniently located at Wurruk near Sale in Victoria and has extensive plant capacity on 9 hectares.

The Sale Service Centre is certified to Quality Assurance System ISO 9001:2000, Environmental Management System ISO 14001:2004 and Safety Management Systems OHSAS 18001 and AS4801:2001.
